

Questionnaire Block 3

Question 1

Briefly describe the strategy that you used in this block.

I played according to the rules in the beginning, because I realised the best way to get as many points is to have a simple strategy. If we both had played with the rules, we would have 10 points each, which is good.

What did you think of the other player's strategy? Briefly describe their strategy as well.

They played nicely in the first half, but then tricked me.
